URJ and ARZA Statement on U.S. Opposition to a Proposed Lebanese Resolution to UN Security Council

We are forwarding a URJ and ARZA statement issued on Monday, January 31st, which supports U.S. opposition to a proposed Lebanese resolution to the UN Security Council, for your attention and action. Proposed last week, the draft Lebanese resolution condemns Israel's settlement activity and demands that Israel "immediately and completely" cease all settlement activities "in the Occupied Palestinian Territory, including East Jerusalem." The proposed resolution was sponsored by 120 countries. However, it has not yet been brought to a vote.

Read the statement issued by the URJ and ARZA for more information and take the following actions recommended by ARZA.

Please send President Obama a message to continue to oppose the proposed resolution. Use the contact page provided on the White House website. Be sure to include the following points:

- Thank you for standing up for Israel!
- Please continue to prevent the proposed Lebanese Resolution condemning Israel from coming to the UN Security Council for a vote.
- If the resolution does get to the Council for a vote, please use our country's veto to prevent passage of the resolution
