

## **Sisters**

Circles around  
    circles within  
        circles

Circles of music... sharing  
by friends  
circles of love... caring  
that mends.

sing Psalms...Tehilim  
your heart open wide  
sing Prayer...Tefilah  
look deeply inside

Circle of healing... circle  
of love  
repairing the world... sing  
tikun olam.

## **Leaving the fold**

I leave behind a blazing sunset  
heart a'fire  
I bring home a gift from my sisters  
their energy their friendship their love  
I leave behind the first strands of this tapestry  
I carry with me a cloth of new woven threads  
of brighter color, more grand design  
I pray this tapestry will help  
repair the vessel and raise the sparks.
